

MY UNIVERSE OF LIGHT

A Magical Journey Through Our Emotions 🚀✨

At Aloha Happy Kids, we invite children to embark on a magical **DROP OFF** adventure where emotions become planets, imagination becomes our rocket, and every child discovers their own inner light.

Through creativity, movement, music, mindfulness, and play, children will explore their emotions, express themselves, and discover simple ways to connect with calm, joy, courage, love, and inner peace.

🚀 DAY 1 — THE ROCKET OF EMOTIONS

We build our giant cardboard rocket, decorate it, create our astronaut identities, and get ready for take-off! 3, 2, 1... **BLAST OFF!**

🌈 DAY 2 — THE PLANETS OF EMOTIONS

We travel through different emotional planets: Joy, Calm, Fear, Courage & Love, and discover The Planet of Light, where we create our own magical paper lantern planet full of light.

🌙 DAY 3 — MY UNIVERSE OF DREAMS

We return to Earth and create our own Universe of Dreams with boxes, planets, colours, and imagination, finishing with beautiful messages of Inner Peace to take home. ✨

✨ CHOOSE YOUR ADVENTURE

Children can join us for 1, 2, or all 3 days of the adventure.

Each day is a complete different experience, while joining all three days allows them to enjoy the full journey from launch to return. 🚀🌍

We recommend comfortable clothes that can get messy, plus a lunch box and water bottle. And don't worry about the weather! ☁️ If rains our rocket keeps flying, all activities can continue safely indoors.
